A Global Outlook with a Local Focus: the UK River Summit 2024

Author : lewis

Date : 2 May, 2024

Set to take place at Morden Hall on the River Wandle, London, SM4 5JD, on the 21st May 2024, The UK River Summit Festival is an event which promises to be a platform for collaboration and communication to improve our river health.

BOOK YOUR TICKET

The event will bring together leading environmentalists, businesses, individuals, brands, and members of the public who share a desire to work towards a more positive future for our rivers, both on a local and national scale.

It offers the public insight into the expert voices behind the headlines and the chance for campaigners, advocates, and conservationists to unify. Importantly, it promises to be a momentous

movement, capturing the essence of community, culture, and environmental consciousness against the backdrop of our beloved rivers.
